**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am distressed to hear that ATT and other legacy phone carriers are attempting to prevent competition from innovative new companies that are providing better technologies and offer WAY better customer service. I recently switched to SONIC internet, and I couldn't be happier with the service they provide. It is the best internet system I've used EVER, and I am amazed to be getting such great service at a rate that is competitive with my old provider. I'd encourage ATT and other phone companies who wish to compete with SONIC to improve their services and treat me better as a customer. They should have to compete in a fair marketplace rather than having the power to knock out their competition and saddle all of us with a mediocre service.
